

RASSL Collar Pricing Guide

Hardware Pricing

| | |
|-----------------------|------------------------------------|
| RASSL Tracker Collars | \$2500 per unit for C-cell collar |
| | \$2600 per unit for CC-cell collar |
| | \$2500 per unit for D-cell collar |
| | \$2600 per unit for 2D-cell collar |

Additional features that can be added:

- Drop-off mechanism (plastic), 78 grams, add \$350 each
- Drop-off mechanism (steel), 114 grams, add \$400 each
- VHF transmitter, 15-65 grams, add \$350 each
- Interior padding, partial, add \$125 each
- Interior padding, full, add \$200 each
- Hiding VHF whip antenna with kangaroo hide, \$65 each
- Covering collar exterior with Ballistic Nylon (black), \$85 each

Globalstar receiver, add \$95

Refurbishment costs start at \$300 per collar, after assessment to determine if the collar can even be refurbished. Costs for refurbishment can (and often do) rise if more work is needed to get a collar ready for a second (or third) deployment.

A one-time Activation fee of \$75 will be charged per unit.

Airtime Pricing

Monthly Plans:

| | |
|----------------------------------|----------------------|
| 24 transmissions per day | \$120 per month |
| 12 transmissions per day | \$80 per month |
| 8 transmissions per day | \$63 per month |
| 6 transmissions per day | \$48 per month |
| 4 transmissions per day | \$41 per month |
| 3 transmissions per day | \$36 per month |
| 2 transmissions per day | \$33 per month |
| 1 transmission per day | \$30 per month |
| less than 1 transmission per day | Custom pricing (ask) |

Alarm features (not moving alarm, no transmissions alarm, Geo-Fence alarm, will be billed at a rate of \$5 per month for all three, if selected.)

Airtime is billed quarterly for only the airtime that you use. Partial months are prorated. Collars that are turned OFF are billed at a rate of \$3 per month to keep them provisioned and ready to transmit, until the ESN is terminated. The user is responsible for testing airtime while we build the collars.
